

NOT WORRYING OVER SITUATION

W. P. O'MEARA THINKS THE
WORST HAS BEEN
PASSED.

Hon. W. P. O'Meara arrived from Los Angeles yesterday morning after a month's absence, looking the picture of health, and in the best of spirits. Mr. O'Meara is not worrying about the present situation, for he says that the worst is over and that it will not be long before business will be again running in the regular channels.

Incidentally, the Nevada Alpine, in which he and his brother, M. J. O'Meara, are the heaviest owners, is growing richer and richer. They are now in ore which goes five hundred ounces in silver and 50 per cent lead. This is the greatest yield yet made by the perennial dividend payer.

"Los Angeles is looking fine from every view point," said Mr. O'Meara. "The city has been undergoing its regular dull season at this time of the year, but there is a healthy feeling manifested in every direction. There is a great deal of interest evinced in the southern metropolis in southern Nevada, and the people there are looking for an interchange of business. This country has never been properly exploited in Los Angeles, and all that is necessary is to show the people there what we have. There is some talk of Manhattan there, but some good literature on that head and some enterprising hustler, who can explain the conditions there would help things along wonderfully. Now is the time for something of this sort to be carried of money to be had, in fact there is so much that many cannot devise a business men are looking for business in this country, and it would be most natural that they should want investment where their business interests lie."

PERSONAL MENTION

Senator Nixon was in Goldfield yesterday and will be here today.

Cal Brougher, who has been out in the country, returned yesterday.

Key Pittman and Congressman Bartlett left for Carson yesterday morning.

N. Carlson was out to Goldfield yesterday and was very much pleased with the condition of the properties in which he is interested there.

Frank Peterson and Arthur Bottsford, two New Yorkers, who are interested in mining in this country, and who are looking for further investments, returned to Tonopah yesterday after a trip into the country.

E. K. Bradford, the well known mining man, returned yesterday from a visit to the new camp of Stimler, and he says that there is a very lively camp in the Cottonwood district. The ledge on the Stimler group, he says, is one of the best he ever saw.

A. Fairchild Sherman, son of Judge W. A. Sherman, one of the heaviest owners in Gold Bar of Bullfrog, and heavily interested throughout the country, arrived from Berkeley last night. He is a U. C. graduate, and a mining engineer, and a classmate of Erle V. Daveler, with whom he will visit during his stay. Mr. Sherman has just returned from the Philippines, whither he went for his health.

James Gleason, the well known Tonopah man, who made his pile in the early days of the camp, arrived from a tour of the world yesterday. In his absence he has been to Ireland and from there he brought his brother, Dan, who thinks that this is a very fine country. Mr. Gleason says that he saw many towns but that there is no place like Tonopah. He is interested with P. B. Kotelman in Havilah, near Winnemucca, and he expects to make another fortune there.

DEATH OF OWEN FRAZER

Owen Frazer, a Comstock pioneer, died in Reno yesterday. He had been gradually failing for some time and the end was not unexpected. He resided in Gold Hill at least thirty years and in this city at least ten more, leaving here for Reno about 1900. In physique he was a giant, six feet seven inches in stature, weighing when in his best condition, 280 pounds, with a chest measurement of 62 inches. Deceased was a native of Nova Scotia, aged 77 years. To mourn his loss he leaves a wife and two daughters, Mrs. George R. Duncan and Mrs. Joseph Brearly, all of Reno.—Virginia Chronicle.

It is a well known fact that persons living in the Pine forests do not suffer from kidney diseases. One dose of Pineules at night usually relieves backache. 30 days' treatment \$1.00. Your money refunded if not satisfied. Sold by Tonopah Drug Co.

Don't forget, the Bonanza's up to date bindery.

COMMITTEE TO MEET TONIGHT

IMPORTANT MATTERS TO COME
BEFORE MANHATTAN
COMMITTEE.

The Tonopah Manhattan Promotion Committee will meet in the rooms of the Mizpah Club this evening at 8 o'clock, when important matters will come up for discussion.

The meeting of last Wednesday night was passed, for it was on that day that the State Bank and Trust Company closed its doors, and nobody knew just what was going to happen; so the meeting was postponed. But Manhattan has not been standing still. Work has been going on just as briskly, and the leasers have been taking out the ore on Union Extension, and on Union No. 9, and on the Thanksgiving, and a dozen other places.

The phenomenal finds that are being made on the Rose-Nash and the Cram-Evans-LaLime lease have become so frequent that they are causing to marvel at them in Manhattan. The Watson lease, which is next to the Cram-Evans-LaLime, is in the rich rock, and the Wilson lease, above the Rose-Nash, has also struck it.

Work on the mills is going along, and the suspension of the State Bank and Trust Company will in no wise interfere with construction of the Wolf mill. Only a few more days will elapse when that mill will be ready for the grind, and the Manhattan Consolidated is getting ready the first shipment that is to be made to the mill, which will consist of a thousand tons.

The men of Manhattan are just as confident as ever, and another good sign is the work that is going on on the properties which had failed to do their assessment work up to the present. The State Bank and Trust Company and the Nye and Ormsby mines, but the Bank of Manhattan, controlled by Bert Smith, never closed its doors through the holidays.

Cashier Raymond could not get in touch with Mr. Smith, and he kept open until the latter arrived there, disregarding the holidays. He figured that if a bank should ever stay open that that was the time, and when Mr. Smith finally reached Manhattan, he told Mr. Raymond that he had done just the proper thing and the bank is still open.

DIVIDEND FOR GOLDFIELD CON.

[By Associated Press.]
GOLDFIELD, Oct. 29.—The directors of the Goldfield Consolidated met this morning and declared a dividend of ten cents a share, payable November 25. The books of transfer will close on November 15. The monthly dividends are to be continued, instead of being paid quarterly, as was given out by Senator Nixon in San Francisco.

LOST ALL IN NOME RAILWAY

SEATTLE, Oct. 29.—John Green Brady, three times governor of Alaska, whose faith in H. D. Reynolds led him to invest the savings of a lifetime in Reynolds' Alaskan schemes, will go back penniless to his old home at Sitka.

"Instead of realizing a competence everything I have is gone," he said today. "I have been earnest in my efforts to build the Alaska Nome Railway, and I believed what I told my friends when they asked me for advice. So confident was I that the enterprise would succeed that I continued to put money into it until the last. I do not believe that Reynolds will go back to Valdez at this time. There is nothing that he can do at present."

CLARK PARTY IN GOLDFIELD

LAS VEGAS AND TONOPAH OFFICIALS COME IN OVER
NEW ROAD.

GOLDFIELD, Oct. 29.—J. Ross Clark, president of the Las Vegas & Tonopah Railroad, and party arrived in Goldfield late last night in the official's private car "101," and today an inspection of the facilities of Goldfield's new railway yards was made and additional plans adopted for the good of the service of the road connecting the golden zone of Nevada with the cities of Los Angeles and Salt Lake.

The train of which President Clark's private car was a part also brought into Goldfield some hundred or more visitors from Los Angeles, Salt Lake, Las Vegas and other points on the way of the recently completed railroad. The excursionists constitute some of the many who would have visited Goldfield yesterday to participate in the Railroad day ceremony and witness the driving of the golden spike and the final welding of the rails had those services not been postponed on account of the holidays being declared by Governor Sparks.

The following officials of the Las Vegas & Tonopah railroad accompanied President Clark on his initial trip over the new road: E. W. Gillett, traffic manager; J. T. Dyer, superintendent of telegraph; Arthur Maguire, chief engineer; C. O. Whittemore, general attorney, and F. M. Grace, superintendent. Mrs. Grace is also of the party.

Traffic Agent Gillett stated this morning that freight would in the near future be put through between Los Angeles and Goldfield in about four days and a first class refrigerator

service inaugurated. "We are going to do things," said Mr. Gillett, "in both the passenger and freight line. Patrons for the time being must put up with some inconveniences, but it will be but a short time until all is running smoothly."

President Clark and the other officials of the road will remain in Goldfield until Thursday morning, and during their stay here will be recipients of informal entertaining.

SHORT LINE STOPS WORK.

SALT LAKE, Oct. 29.—W. H. Bancroft, vice president and general manager of the Oregon Short Line, said today that all construction work now in progress on that road would be discontinued at once. This will delay the completion of the Yellowstone Park branch and stop double-tracking the Short line. The Short line is part of the Harriman system.

BASEBALL SCORES.

SAN FRANCISCO, Oct. 29.—The following are the scores for today's games: San Francisco 2, Oakland 0; Los Angeles 4, Portland 0.

NOTICE.

There will be a meeting of the State Board of Medical Examiners at Carson City, Nevada, on November 4th, 1907.
S. L. LEE,
